Guest parking abuse?

We've got you covered.

Here's how we do it:

- 1) Customize the guest parking limits and controls *for your community* in the Reliant Parking system—*you limit* how many times and for how long guests can visit.
- 2) Give your residents the free Reliant Parking **Resident APP** to easily order and manage their resident and guest permits *based on the limits you set*.
- 3) Enable management and enforcement to easily identify resident and guest vehicles so you have 100% control, visibility and enforceability of your guest parking.

In a nutshell:

- Resident and Guest permits available to order 24/7 in the free Reliant Parking Resident APP
- All permit limits set by management
- Easy for enforcement to verify
- Residents can even send a link to guests so guests can order
- Fee structure available for you to monetize guest permits
- Full accountability as all guest permits are available for review

“Parking management lifesaver! Our team was spending entirely too much time on parking... this allows our residents 24/7 access to their parking permits and visitor passes.”

Debra B., VP of Prop. Mgmt.

COMMUNITY AMBASSADORS

Getting to Know Esther Mills!
By: Stacey Bradley, Case & Associates

Thank you, Esther, for being our member of the month!

Everyone meet Esther! Many of you may know her since she is the General Manager for Real Estate Personnel.

So it is so true that you learn new things every single day? How many of you knew that Esther grew up in Germany? I definitely didn't know that! While in Germany she grew up on a horse farm. During the winters they even boarded elephants! How awesome is that?! Esther has lived in over 35 places so far in her life. That is incredible!

So when did Ester become a part of the AAGW you might ask considering all of her travels over the years. Esther joined REP in 2016 after moving to Wichita from the Dallas area.

Although she has worked in Human Resources, Marketing, and Staffing before, Real Estate Staffing was new to her. The great thing is that she loves the staffing industry. So to be able to combine it with Real Estate has been a huge bonus! Making clients happy and being able to assist people to "market" themselves is a joy for her!

Our industry is always evolving and changing. One of the things that Esther sees as an ongoing problem are rent increases. People are already struggling so she knows this is a major concern right now.

Thankfully for Esther, the AAGW has provided so many avenues for her to stay connected so that she can continue to match great candidates with our communities. The AAGW also helped Esther get to know people early on when she was still new to the city.

Like so many, Esther truly appreciates all of the resources the AAGW provides for her. The ability to network and build relationships has been invaluable.

I like to always ask what someone's favorite event is and one that Esther loved was the Party Bus Tours! Here is a secret...this one may be coming back soon! While Esther has never been on our Board, she has had the opportunity to help with a great non-profit called Bunny TBT (adopt!)

Thank you, that is what Esther loves to hear from her clients and candidates. That is her favorite part of the job. Knowing that she helped someone else be successful. We THANK YOU Esther for all of the wonderful people you have placed all over the Wichita community over the years!

Thank you Esther for all you do to support the AAGW!
