

# Heart Me Please

Send out paper hearts to residents. Ask them to write a happy, positive, loving, uplifting note on their heart(s) and decorate it however they want. When the note is returned they get a prize (could be candy, could be anything...you choose). To jump start your positivity wall have your team join in! I'm sure you all have some great quotes to share. Hang the hearts in your office for some much needed positivity!!!

## **Make it a company contest:**

Post your Resident Event creations. You can use Facebook or some other communication platform. Anyone that posts gets their team entered to win a prize! (Enter contest rules here...)
