

When disaster strikes, the clock starts ticking. You can count on BELFOR for rapid response with proven results and workable solutions to any situation, no matter how difficult. In the aftermath of a disaster, you'll want an emergency response service that you can rely on to get the job done. That's where BELFOR comes in.

We offer emergency response solutions to safely secure your business and home, and to help prevent any further damage. These services are all carried out by BELFOR disaster recovery professionals, bringing years of experience and specialized knowledge.

Knowing where to call for assistance after you've been struck by disaster helps make the recovery process as quick and simple as possible during the most trying of times. That's why we make BELFOR's emergency disaster response team easy to contact — whenever you need us.

BELFOR operates a 24-hour hotline, 365 days a year. The hotline goes directly to our company-owned and operated Call Center in Michigan. Trained personnel will record the information about your loss and notify a BELFOR representative, who will contact you immediately. Once the information is confirmed, they will dispatch a crew to your business or home within four hours, depending on distance, other external factors, and if it is safe to do so.

To report an emergency loss, call our 24-hour emergency hotline at [800-856-3333](tel:800-856-3333).

Member of the Month

By: Cody Stout, Maxus Properties

This month's Member of the Month is Sheila Tasker with Monarch Investment and Management Group. In Sheila's current role, she is the Regional Property Manager for a large portfolio of properties in the Greater Wichita area. She has been in the multifamily industry for 10 years and says, "Although I have always had an interest in real estate, multifamily housing is my real passion."

Sheila has helped in many capacities of the AAGW. She has served on the Board of Directors for several years, helped with committees and has served as President of our association. She says her favorite part in her current role is "Seeing my teams' successes and promotions. We all work so hard to reach goals both big and small and it is nice to see it pay off in the end."

Thanks, Sheila for your continued dedication and support of the AAGW. We appreciate you!
